

# BTL-1

## HIGH PERFORMANCE SEALANTS FOR MASONRY CONSTRUCTION

### High Strength and Elasticity

BTL-1 Butyl

#### Use

##### Provides Superior Adhesion Between:

Aluminum	Mortar
Steel	Stone
Wood	Plastic
Vinyl	Most common flashing membranes <b>including TPO</b>

#### Benefits

- Permanently elastic, tacky and non-skinning
- Non-paintable black color

#### Product Characteristics

- Single component
- **Do not use to fill vertical joints**

#### Sizes & Packaging

- 10.3 oz. Tubes
- 12 tubes/case

MPE-1 and BTL-1 are specially formulated to be used as part of the TotalFlash Cavity Wall Drainage Solution, but they may be used on any project where modified polyether or butyl sealants are appropriate. They have been matched with TotalFlash membranes, corner boots and end dams for maximum adhesion.
